SHOWER P. MILBAK

Mrs. Lester, Jones, Miss Frances Jones and Mrs. A. Kernack were joint hostesses at the home of the former Wednesday afternoon when they entertained a number of girl friends at a Tea Towel Shower for Mrs. B. Milbak (nee Phyllis Fonger).

Happy hours were passed in various games and contests in which the prize winners were Miss Helen Way, Miss Jean Backs and the honor guest Mrs. Milbak.

Delicious refreshments were served from an artistically arranged table at which Mrs. Fonger and Miss Mary Fonger presided at the Tea and Coffee Urns.

Later Phyllis was the recipient of a large number of Towels a very practical and necessary gift for which she expressed warm thanks for the gifts and good wishes.

About twenty guests were present and all enjoyed a happy afternoon.

M.D. BOW VALLEY

TOWN COUNCIL

A meeting of the Town Council was held Tuesday afternoon.

Mayor Hughes presiding. Minutes of previous meetings were adopted.

Chains have finally been acquired for the tractor after much difficulty and there will be a big improvement.

The Council is still trying to secure sufficient cladders to place on the streets. The Council is anxious to secure a sufficient amount to fill their needs before spring.

The new street will be installed as soon as Councillor Chase arrives.

Councillor Palardy was elected Deputy Mayor for three months commencing April 1.

Application for 10 garden lots were received and passed. It was agreed that the Dump wagon is not for sale.

The financial statement for Feb. was read and accepted.

Definite action will be taken to prevent bicycle riding on side walks, see advt. in this issue.

Hay on town property and within town limits will be sold and tenders for this will be asked for in May.

A deep water hole near Pete de Kort's house may be a source of danger and the Town Secretary is writing him to have it pumped out. A number of bills were passed for payment.

Councillor George Smith was appointed to represent the Town Council on the Strathmore Branch of the Canadian Legion Rehabilitation Committee.

Carried.

STREET TALK OF SEED-CLEANING PLANT

For the past little while, suggestions of putting up a seed cleaning plant in Strathmore have been heard by The Standard in talking to several people. While nothing has apparently come of it, the indications that a project of this nature is growing in favour.

Several of the businessmen in town seem interested in the idea, and many farmers indicate they would like to see something of the sort. While the talk is still very vague, suggestions have been heard of various sized plants ranging all the way from about \$10,000 to about \$70,000.

Proponents of the smallest plant are thinking in terms of one which would handle only one or two varieties of seed to start with, and which would later expand into an outfit capable of handling many varieties of seed grain, and include also the grasses. More enthusiastic members feel it would save longtime expense if a more or less complete plant were built to start with.

Stiffest interest has been aroused that five farmers made a trip to Aldred early this week to inspect several plants of this nature. Their trip satisfied them to the extent of calling a meeting in the Memorial Hall on Tuesday, April 1, at 8:00 p.m. It is hoped that all farmers and businessmen interested in any way will attend this meeting.

Helen Boleavain: "If you were half a man you'd take me to the circus tomorrow."

Lawrence Mackie: "Honey, if I were half a man I'd be in the circus."

HOME & SCHOOL MEET MONDAY

Discussion of important questions pertaining to H. & S. problems prevailed at the meeting Monday evening, when an interested group was present. Rev. Ford presided.

Minutes read by Mrs. Risdon were passed. A lengthy discussion on the fairest method of awarding scholarships took place resulting in a motion made by Rev. Hamilton, and Mrs. Polley that the resolutions committee with Mr. M. MacLeod added be authorized to ascertain all information re Scholarships in their entirety and submit to an early meeting.

Delegates to the Provincial Convention to be held in Ods in April, were elected as follows.

Official delegate Pres. Rev. Ford and Mrs. Polley. Mrs. Korek, Mr. Crowther if conditions permit.

Mr. MacLeod is a Provincial representative and Mr. McMurray, Mrs. Kennedy and Mr. Moore plan to go as interested members.

It was suggested that a representative of the Wheatland S.D. be asked to attend.

The President expressed the sympathy of the H. & S. to Mr. Crowther in his illness and tangible evidence was suggested in the loaning of a radio and sending flowers. A quite lively discussion followed the presentation re School Accommodation in Strathmore.

The discussion was ably opened by Miss Olive Potter who advocated the urgent need of a new school. Dr. Giffin as parent knew good buildings are important but was doubtful as to

RED CROSS DRIVE

Chairmanship of the drive for the Red Cross funds has been turned over to Mrs. T. S. Hughes, by G. H. Patrick, who left last week on holidays.

Canvassers are asked to get their returns in to the treasurer, J. Gannon, at Baldwin's Garage sometime in the near future, in order to facilitate complete checking. Any parties who are interested in donating and have not been approached could help out by turning donations in to either Mrs. Hughes or Mr. Gannon.

STOBART NEWS

Mr. and Mrs. A. Saue and family were guests at the Johnson and Lilla home Sunday.

Mr. George McBean attended the Bull Side in Calgary this past week.

Mr. Andy Johnson returned from Calgary, Sunday where he has been under medical treatment for sinus trouble for the past four weeks.

Miss Leona McBean has resumed teaching again after a serious attack of "flu".

Miss Abel Jensen is visiting her parents at Stobart for a short time. Mrs. George McBean spent the weekend visiting in Calgary and Olatoia.

material at present.

Mr. MacKenzie as teacher gave in detail the many obstacles facing the teachers and pupils as a result of inadequate school conditions.

Mr. D. Brook trustee was unable to attend due to bad roads.

Pres. Ford asked Inspector MacLeod to give his views on the subject. Without committing himself on the Wheatland Board Mr. MacLeod stated the needs in the Wheatland S. D. at the present. Strathmore will need not a four room High School but ultimately a 10 room building to include an auditorium, a cafeteria, laboratory shop-work, Home Economics etc. At present in the Division 25 rooms are needed, the cost per room being about \$2,000.

Mr. Chase Harvey was strongly in favor of building at once, while money is available, and he felt good material could also be obtained.

Arising out of the discussion was a motion that a committee be appointed by the executive to wait on the Wheatland School Board to gain information relative to building a new school in this area, the committee then to visit the various organizations in the district with their brief, and soliciting their co-operation to build a new school that will give adequate teaching facilities and be a credit to the Town.

A reel depicting scenes in the Schools of the Wheatland Area was shown by Mr. MacKenzie and proved very interesting.

Mr. MacLeod paid a high tribute to the efficient work of Mr. Crowther and Mr. MacKenzie.

THE 'OUT-SIDE'

NEW EARLY WHEAT

Grain experts of Ottawa's federal Department of Agriculture have developed a new "early" wheat and have named it "Saunders" after the illustrious family which gave the world the famous Marquis wheat, reports The Financial Post. The designation is appropriate because four out of the eight "grandparents" of this new wheat are "Marquis."

Saunders wheat is expected to replace Garnet wheat in the northern parts of Canada's wheat belt — especially in the Peace River country and the high foot-hills region near the Rockies.

BEEKEEPERS BULLETIN

A timely bulletin on the care of package bees is now available from the Alberta Department of Agriculture. Prepared by W. G. LeMaistre, Provincial Apiarist, this publication deals with care of bees in the package, preparation and protection of the hive, feeding the colony, examining the hives, introduction of the queen, and other information which beekeepers will find invaluable at this time.

Bulletin No. 77, "Care of Package Bees in Alberta" may be obtained from District Agriculturalists or from the Extension Service of the Alberta Department of Agriculture.

In The Legislature

By G. E. Bell M.L.A.

The past week witnessed the passing of the Estimates in the Budget, also the further reading of many Bills.

One Bill before the House provides that nurses with a Grade XI school standing may become members of the Registered Nurses' Association.

Another Bill provides that all adoptions of children must be done through the Child Welfare Commission. It also provides for closer inspection of the homes where adopted children are placed.

An amendment to the Public Service Vehicles Act provides that the Highway Traffic Board may grant a PSV licence without holding a public hearing to consider the necessity of such a licence being issued. They will still continue to hold sitting where it is deemed necessary to get more information regarding the necessity of a new licence being issued.

During the war years, the Dominion Government charged a three cent tax on all gasoline, whether used for commercial or for agricultural purposes. This amounted to \$4,000,000 in the Province of Alberta last year. On April 1, 1947, the Dominion Government is going to vacate this tax field. When the Dominion Government does so, the Provincial Government will keep in force two cents of the present three cent tax on gasoline except agricultural gasoline. All of the Federal tax on agricultural gasoline will be dropped. This will give

the Province the lowest Provincial gasoline tax of any province in Canada. The Provincial Government's tax is expected to bring in a revenue of \$1,300,000. (It will not affect agricultural gasoline).

A change in the Vehicles and Highway Traffic Act provides in the case of two vehicles approaching or entering an intersection at approximately the same time, the vehicle on the left shall yield the right-of-way to the vehicle on the right. Another change deals with the case of the driver of a vehicle approaching an intersection, and provides that he shall yield the right-of-way to a vehicle in the intersection who is turning to the left across the line of travel of such a driver. If the driver of the vehicle turning left has given a plainly visible signal of his intention.

Another Bill provides for the free hospitalization of old age pensioners, blind pensioners, and recipients of mothers' allowance, and the dependents of these people.

A change in the Alberta Hall Insurance Act provides that an insured crop will be covered against hail loss while it is in the stock or the swath. The annual debt service charge of the Alberta Government, after 1947, will be fourteen per cent of our Provincial revenue. This is, of course, less on present revenues. When the present Government took office in 1935, the Province's annual debt service charge, for interest only, was fifty-one per cent of the provincial revenue.

HUSSAR NOTES

By Mrs. C. B.

After being sort of isolated for a few days, because there was no mail on Wednesday (The first time the mail carrier has missed this year) the situation was relieved when he brought the mail in on Friday. It is understood that he went to Calgary for it. It was very welcome. Roads are very muddy around Hussar at present, but a few drying days will work wonders.

The Bridge Club had a very pleasant meeting at the home of Mrs. C. P. English, with Mrs. T. Briob, assisting hostess; the prize was won by Mrs. R. B. Snyder.

The Hussar Ladies Aid met at the home of Mrs. R. B. Snyder on Thursday afternoon, with Mrs. L. E. Montgomery, assisting hostess. Much of the time was taken up with discussion and plans for the bazaar to be held later, sometime in September, probably, with a tea in the afternoon, and dance in the evening. A few of the committees were appointed; Managers: Mrs. T. Burdett and Mrs. E. Seeley; Selling Committee: Mrs. H. Buckenhardt, Mrs. R. B. Snyder and Mrs. P. Pringle; the other committees will be appointed at the next meeting, at the home of Mrs. E. J. Bell on Thursday April 24, with Mrs. Pringle assisting hostess. It was decided to serve lunch at the April dance put on by the Community Hall committee; and a good committee volunteered. It was decided to solicit sandwiches for this lunch.

A letter of thanks was read from Lt. Col. D. H. Tomlinson for the money collected by Mrs. W. Wyzom, and sent in to the Red Cross. The Aid volunteered to solicit for the Red Cross drive for funds, and when all the books were gathered up, the amount was \$125.00 which was collected and sent in.

The program consisted of readings by Mrs. P. Pringle and Mrs. H. Buckenhardt. The contest directed by Mrs. L. E. Montgomery, was won by Mrs. C. P. English.

A delicious lunch was served by the hostesses, and social hour enjoyed.

Owing to the road conditions, the services have had to be cancelled since Christmas; however, the children of the Sunday School are preparing a program for Easter Sunday at 3 p.m. and are hoping that Rev. Flint will be able to get up from Bassano for this occasion.

Born to Mr. and Mrs. G. Jutras, a son, on Tuesday, March 18, at the Bassano Hospital.

CARSELAND NOTES

Mr. and Mrs. Arnold Lausen of Bowden, are visiting with relatives and friends in the district.

Mrs. Melvin Christensen is spending a few days with her sister, Mrs. T. Player at Lyalta.

Mrs. M. Gehrke and Dianne spent last week end in Calgary visiting with her daughters.

Congratulations to Jim Groves on receiving such excellent prizes for his entries in the stock show last week.

Mr. and Mrs. George Jamieson and children of Calgary spent the weekend with Mr. and Mrs. D. Bishop.

Mr. and Mrs. Ralph Thacker were weekend visitors of Mr. and Mrs. E. Krueger.

Mr. and Mrs. A. Wade and Tommy spent the weekend with her parents Mr. and Mrs. T. Neergard, on the occasion of Mrs. Neergard's birthday.

Dick Benz is up and around again after spending quite some time in bed with a siege of the flu.

Miss Molly Cambell is progressing very favorably after her recent operation.

NAMAKA NOTES

Mrs. M. A. Watts is spending a few days with Mr. and Mrs. Gordon Dogstie in Gleichen.

Mrs. L. R. Aitkens spent a few days in Calgary last week with Mr. and Mrs. A. Anderson.

Miss Mary Fawkes returned to Calgary on Friday after enjoying several days at home.

Mrs. Lepp arranged a jolly birth-

day Party last Friday in honor of Mary and Jackie whose birthdays are very close together. After enjoying an abundance of good things to eat the young guests wished Jackie and Mary many more happy birthdays.

Miss Rose Moss is helping out at the Milligan home in Strathmore for a week.

Mr. and Mrs. Sam Moss and family will move shortly to make their new home in Bassano.

TREES

Tall trees, beheaded trees, small trees, fir trees in many varieties and large number, for which Strathmore citizens have been proud and for which visitors to our town have frequently spoken in very approving terms, are for the moment presenting a sort of weird appearance.

But we have an eye for the future and warm approval for our "Town Fathers" who having this vision have taken action and pruned and beheaded these many poplar trees that have been a source of annoyance danger and destruction to gardens and humans during the fluff shedding period for several years.

We knew the worry endured in past years. Now we look forward with relief that this condition shall no more exist in our home town and in the course of a couple of years fresh branches will grow, minus the fluff and give the shade where needed on your lawn, not on two or three lots away. Again houses that have been darkened by too much shade will now be brighter. So we take off our hats to the Town Council who have been responsible for so complete and progressive an action.

Strathmore is certainly on the upward trend. Let us keep up the spirit and make the word Excelsior the Motto of our town.

\$1.00 WHEAT

Farmers of Western Canada were amazed recently to read in the papers that Sir Waldron Smithers, a Conservative member, in the British house of commons had expressed his feeling that the British consumers were being "held up" by paying \$1.55 a bushel

for Canadian wheat. Sir Waldron had been in Canada many times, he said, and knew that dollar wheat showed a good profit.

What Sir Waldron forgot to say is that it is thirty-five years since his last visit to this country.

More Safety on Highways

Many motorists and pedestrians will hail with more or less enthusiasm the new plan of the Alberta government to legally make car drivers financially responsible for any accidents they may occasion. Every driver must pay one dollar additional to his license fee, under the new order.

This provides no protection for the driver . . . it is only protection for whoever may be hit in his driving. These dollars build up a fund which will be used to settle claims of those

involved in accident cases, and the fund then collects the full amount from the driver. If he has no insurance, and is otherwise financially unable to settle the account, his license is revoked.

We feel there are two possibilities likely to develop . . . the writing of a great deal more insurance by the insurance companies, and possibly more careful driving, since an accident means definite responsibility financially. Probably most careful drivers

The following poem was found written on the wall of an old inn in Lancashire, England:

Give us, Lord, a bit of sun;

A bit o'work and a bit of fun;

Give us all, in the struggle and splinter,

Our daily bread and a bit o'butter;

Give us health, our keep to make.

An' a bit to spare for poor folk's sake

Give us sense, for we're some of us duffers,

An' a heart to feel for all that suffers.

Give us, too, a bit of song,

An' a tale, and a book to help us along.

An' give us our share o' sorrow's lesson.

That we may prove how grief's a blessing.

Give us, Lod, a chance to be

Our goodly best, brave, wise and free.

Our goodly, best for ourselves and others,

Till all men learn to live as brothers.

The fellow who's thinking, "What is the use?" is not the locomotive; he's just the caboose.

THE PAPYRUS

will be glad to pay a dollar if with it they can purchase a safer highway and more carefullness in other motorists. And for the other drivers: It was specifically for them that the new legislation was implemented.

Comments on EVERYBODY'S BUSINESS

My neighbor John Williams was talking the other day about how important our export trade is to us.

"You know, Don," he said, "a lot of Canadians don't realize what it means to have world markets for our grain and hogs. But history shows now that not even the strongest countries can get along without selling to others."

Well, I agreed with John all right, but I reminded him it isn't only a matter of produce like grain and hogs. Especially to us, the things called "invisible" exports like the tourist trade and life insurance are vital too.

Did you know that about 40 per cent of all the life insurance with Canadian companies has been sold to people outside Canada—in 64 other countries? No other country "exports" that much life insurance. Our companies must be pretty famous for their efficiency and their safety.

Life Insurance is a business built for everybody, a great enterprise which protects the future of more than four million policyholders and their loved ones. Life Insurance offers a systematic and easy way to save. Consult an authorized agent about a plan best suited to your requirements.

USE CARE IN SEED TREATMENT OF TOUGH GRAIN

Officials of the Field Crops Branch warn against too early treatment of tough grain with mercury dust. Drs

seed grain may be safely treated with Cereasan or Leytosan as early as three months before seeding but too early treatment of tough grain may result in reduced germination.

Under The Street Lamp

by PAT O'HOOLEY

S. H. Crowther is reported to have received a letter from a woman, asking him to verify the report that Theodore Roosevelt had said "damn" while leading his men up San Juan hill. If this upsetting rumour were true, the woman wrote, she would be compelled to alter her past admiration for the Colonel. Mr. Crowther's reply ran like this: "Dear Madam: I do not know whether Colonel Roosevelt said 'damn' when he went up San Juan hill, but I know that I did when I read your letter."

George Risdon: (in his garden): "How do you tell the young plants from the weeds?"

Bill: (from the experience of years):

"There's only one sure way. Pull 'em all out. If they come up again, they're weeds."

The problem was: If a man buys an article for \$12.25 and sells it for \$9.75, does he gain or lose by the transaction?

Richie Fairly pondered deeply. He wrinkled his brow. Then he brought forth this answer: "He gains on the cents, but loses on the dollars."

Gordie Voutier: "I want a ticket to New York."

D. H. Kennedy: Would you like to go by Buffalo?

Voutier: "I don't know... I've never ridden one."

It is reported that sometime ago, Stone kept a pet parrot in the hotel. One evening Art Dunmore spotted it, climbed atop a stool and tried to catch hold of it. "Scram, landlubber," shrieked the outraged pol. "What's the big idea?"

Art looked surprised, doffed his hat

and mumbled, "Golly, I'm sorry, mister! I thought you was a bold!"

Ben Fessenden says that the way to fight a woman is with your hat. Grab it and run!

Ruby Field: "Did it cure your husband of walking in his sleep when you put a tub of water by the side of his bed?"

Florence Wathen: "Yes, and it cured me of putting a tub of water by the side of his bed."

"I'll give any man twenty bucks who can drink twelve pints right off," said a visitor in the beer parlour. Buster Gariott, apparently uninterested in the offer, immediately drank his beer and left. A quarter of an hour later, he returned, and finding the offer still open, announced he would try it. Without further ado, he drank the twelve pints that had been placed on the counter. The feat staggered the occupants of the bar.

"Well, I'm blowed," said the visitor,

Christian Science

"Reality will be the theme expounded in Christian Science churches on Sunday. Following are significant passages from the Lesson-Sermon: "And, behold, there came a leper and worshipped him, saying, Lord, if thou wilt, thou canst make me clean. And Jesus put forth his hand, and touched him, saying, I will: be thou clean. And immediately his leprosy was cleansed." (Matt. 8: 2, 3). "Jesus said: 'I knew that Thou hearest me always;' and he raised Lazarus from the dead, stilled the tempest, healed the sick, walked on the water. There is divine authority for believing in the superiority of spiritual power over material resistance." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 134).

paying up. "I didn't think it was possible."

"Neither did I," said Gus, breathlessly, "until I went next door to try it out."

FOR 1947—

It's SMART to Own an Olds!

Oldsmobile Series '98' 4-Door Sedan

Smart is the word for Oldsmobile's 1947 styling... the long, rakish lines... the attractive new colors... the over-all impression of quality and good taste.

And smart is the way you'll feel... once you drive a new Oldsmobile of your own. You'll enjoy the admiring glances that follow you down the street. You'll revel in the comfort and luxury of Oldsmobile's coil-cushioned ride. And above all, you'll find a new kind of deep-down satisfaction in the Oldsmobile way of driving... without shifting gears... without pushing a clutch... thanks to GM Hydra-Matic Drive.* This is the fully-proved, fully-automatic drive... the drive that does all the gear shifting for you, from first through a special economy fourth speed... the drive that takes the clutch pedal right out of the car!

Three complete lines of cars to choose from... every one a General Motors value... and every one a smart choice for 1947!

CHANCELLOR NOTES

The townfolk charivariated Mr. and Mrs. Jim Kosaiko on Friday night, surprising the young couple, owing to bad roads the country people could not help to make the noise.

Mr. and Mrs. J. M. Wheatley, Mr. and Mrs. H. F. Fenske, Mr. and Mrs. H. Chamney and Tom McGuirk were guests if Mr. and Mrs. G. C. Phillips at a turkey dinner on Saturday evening.

A number of Chancellor friends called on Mr. and Mrs. O. D. Christensen on Sunday to congratulate them on their Silver Wedding Anniversary.

Mr. J. M. Wheatley left on Monday to attend the Agriculture Council at Edmonton.

Mrs. Fritz Petersen and Marie are expected home from Denmark this week, they landed at New York last Saturday.

Congratulations to Mr. and Mrs. Verley Petersen on their recent marriage, we are looking forward to welcoming the new bride into our midst.

We are sorry to hear that Mr. Sproule Jr. has been sick and wish him a speedy recovery.

**F. W. GERSHAW
WRITES FROM OTTAWA**

On Parliament Hill there is from time to time discussion about the Liberal leadership. Mr. King has been the leader a long time. He has been the Prime Minister for a longer time than any of his predecessors. When April of 1948 comes around he will have been in office longer than Walpole. Up to the present Walpole has the record for length of service as a Prime Minister of a British nation. The next election will likely be in 1950 and Mr. King will not, according to his present plans, be a leader.

The Liberal party have 126 members, the Conservatives 68, the C.C.F. 28, Social Credit 14. The other 9 are Quebec members who have separated themselves from some party on account of war issues. Of those who might succeed Mr. King it would seem that the members regarded Mr. St. Laurent as the most able. He is the Minister for External Affairs. He rose to a high position in his own profession. He is very highly regarded by leaders from other nations in international conferences. He is a young man of good appearance and with good health and seems always to be able to say the right thing at the right time. If the Liberal members had the choosing of a leader and if administrative ability was the determining factor Mr. St. Laurent would most likely be offered the position. The next problem would be to persuade him to accept. He has stated several times that he is anxious to get back to his law practice and only consented to act as a Cabinet Minister as a war contribution. Mr. Douglas Abbott, Minister of Finance, has many leadership qualities. He has a good war

record and is a protestant representing a Quebec constituency. He speaks French fluently, has a pleasing manner and is a good mixer.

Mr. Gardiner is recognized as the best debater in the House. He has been in politics a long time and has worked hard. The members of the maritimes and of eastern Canada would not support him for the leadership as they feel he has given too much to the western farmers. Perhaps this is not appreciated in the west but certainly it is the eastern viewpoint.

There are other young men in the cabinet like Paul Martin and Brooks Claxton who have great ability and have had the training for statesmanship.

The leader will be chosen at a National convention and there may be other contenders not at the moment in the public eye.

DUCKS UNLIMITED FILM AT LIONS

One of the largest turnouts for months greeted the members of the Lions Club at their dinner Thursday evening when they were hosts to the Strathmore Junior Potato Club. A sumptuous dinner was served by Lee Welshmer, Doug Keer, and Dr. Giffin, and their Lionesses and given a hearty vote of thanks after those present had put forth their best efforts.

Introducing the members of the Potato Club, R. J. Milligan mentioned in his prefatory remarks the high commendation these Juniors had received from many quarters. J. L. Eaglesham of the Dominion Experimental Station, had inspected the potatoes, produced in last year's crop, and declared that he had never inspected finer potatoes.

41,000 pounds of potatoes were produced by the club last year, said Mr. Milligan, and of this amount, it was expected that they would market some 28,000 pounds. This figure was phenomenal, he declared, the average marketing running to something like seventy-five percent of the crop. Immediately prior to a showing of a film by Ducks Unlimited, G. H. Patrick, local representative, introduced to the meeting Squadron Leader Du Pre, formerly a Canadian serving in the escape routes of the French underground, and now a representative of Ducks Unlimited.

Following the showing of the film, the Squadron Leader spoke on the appeal being made by the Red Cross for funds to carry on its peacetime work. He spoke with the authority of more than two years in hospitals, and several months in Gestapo prison camps, and related part of what it had meant to receive a parcel from the Canadian Red Cross, and something of what it meant to know that there was a Red Cross organization at home.

\$2,000,000 FOR DISTRICT & MARKET ROADS

More than \$2,000,000 will be spent on district highways and local roads by the provincial government in 1947 in its greatly increased road budget, according to figures compiled by the Alberta Motor Association.

On capital account there is \$1,250,000 for district highways which includes \$800,000 for roads in municipal districts. This is \$810,000 more than the 1946 vote.

On income account, the vote for district highways and local roads is \$900,000, an increase of \$50,000. This vote includes \$400,000 in special grants, which is an increase of \$200,000 over last year.

Thus it is evident that a considerable program will be undertaken this year in improving the market and secondary roads which are such an important part of the provincial system.
